

# Quarry - Front End Loader Operator

Well established aggregate provider who owns two (2) hard rock quarries in Fremont County, Colorado, has immediate opening for a full time, experienced Equipment Operator/Front End Loader Operator.

## SUMMARY

The Quarry Equipment Operator will primarily be operating a front-end loader and will be responsible for feeding material to the crushing plant, loading material in customer's trucks and trailers, stockpiling material and sorting material. Proficient at throwing-off material in a high-wall operation is a plus. Being able to proficiently operate a Dozer, Excavator and Grader are added levels of experience that are preferred. General work around the quarry and performing other duties as assigned.

## POSITION REQUIREMENTS

Qualified candidates must have minimum of 2 years' operating experience in running a front-end loader, to include: Cat 980G/H/M, Cat 988H, Cat 992G or comparable size range, in a hard rock quarry or mining environment. Operate all equipment in a safe and productive manner. Be able to work well with others in a TEAM environment. Have past experience with weigh scales in front-end loaders. Past Dozer and/or Excavator operating experience in a mining/hard rock quarry operation is a plus. Pre-employment process, to include; background check, MVR, drug screen and physical will be required. Previous and/or current MSHA safety training is also a plus, and a valid driver's license is required.

## ESSENTIAL DUTIES AND RESPONSIBILITIES

- Operate loader in a safe and efficient manner
- Must have good depth perception and coordination to operate controls
- Perform pre and post-inspection checks on equipment.
- Communicate with onsite foreman of daily work requirements.
- Follow designated routes adhering to safety policies and procedures in place.
- Move raw aggregate material from quarry to crushing system.
- Transport materials throughout quarry into piles, trucks or crushers.
- Keep updated logs of completed work.
- Identify and communicate workplace hazards while adhering to safety policies.
- Complete daily pre-operational checks and basic maintenance on the equipment.
- Identify and resolve basic mechanical equipment issues
- Other duties assigned.
- Ability to work independently, without direct supervision
- Willingness to work overtime and weekends/holidays/nights
- Ability to work and communicate well with Supervisors, Truck Drivers, Heavy Equipment Operators and other employees
- Ability to conform to and maintain MSHA, OSHA, DOT and all other company policies or governmental state rules and regulations

## BENEFITS

- Competitive salary
- Medical Insurance
- Dental Insurance
- Vision Insurance
- Disability Insurance (Voluntary)
- Flexible Spending Account (FSA)
- Life Insurance
- PTO (Vacation)
- 401K Plan with Company contribution
